

Team ID :PNT2022TMID13119

Project Name :Containment Zone Alerting

The installation completed successfully

To get started, open a terminal window and enter "help". Refer to <http://ibm.biz/cli-auto-completion> to enable auto-completion for zsh or bash.

IBM Cloud Command Line Interface has a plugin architecture to extend its capability. To install recommended dependencies, run the install script from <http://ibm.biz/cli-plugin>. For additional plug-in details, see <http://ibm.biz/cli-plugin>.

Starting from version 1.0.0, IBM Cloud CLI no longer runs the Cloud Foundry CLI by default. To run Cloud Foundry commands via the IBM Cloud CLI, you need to install the Cloud Foundry CLI through "ibmcloud cf install" command.
