PROJECT DESIGN PHASE - I

SOLUTION ARCHITECTURE

Date	19 September 2022
Team ID	PNT2022TMID13119
Project Name	Containment Zone Alerting Application
Maximum Marks	4 Marks

Solution Architecture:

Solution architecture is a complex process with many sub processes that bridges the gap between business problems and technology solutions.Its goals are to:

• Find the best tech solution to solve existing business problems.

• Describe the structure ,characteristics ,behavior ,and other aspects of the software to projects takeholders.

• Define features ,development phases ,and solution requirements.

• Provide specifications according to which the solution is defined ,managed ,and delivered.
